

Remember Why You Went to Dental School?

*We're Willing to Bet it Wasn't in Hopes of
Spending your Aloha Fridays Processing Payroll*

Business in Hawaii isn't nearly as simple as it used to be. So many administrative and regulatory requirements can make running even a small business a big challenge. We're here to help! By taking responsibility for HR and accounting operations, HiHR can streamline your practice, increase profitability and allow you to refocus on your core business like never before.

*Every Industry is Different. We Understand—
We Research, We Listen & We Adapt*

By talking to domain experts, consulting industry resources, joining trade organizations and encouraging client feedback, we are able to offer HR and accounting solutions that are perfectly suited for each and every client. Though such services are shaped by the nuance of each industry, packages are never bundled with services you won't need.

- Business Planning
- Bookkeeping & Reconciliation
- Office Lease Negotiations
- Assistance with Bank Financing
- Monthly Financial Statements
- Corporate & Personal Taxes
- Budgeting & Expense Allocation

“I have known Matt Delaney (HiHR CEO) for several years. He is an honest and responsible person with a terrific attitude toward customer service and relationships. Matt understands the needs of health care providers, he is a trustee at The Queen Emma Land Company and his wife is a nurse. Matt also understands the needs of small business owners and will work to save his clients money as well as improve their business performance, efficiency and compliance.”
