Client companies enjoy big company resources and a boost to their bottom line with lower labor costs, reduced fees and higher productivity. Stick to Your Day Job

Entrepreneurs are the backbone of the Hawaiian economy, building countless successful businesses with passion and expertise refined over decades. Though over time, as these businesses grow, the burdens of employment can often chip away at passion and pull attention away from areas of expertise to slowly undermine productivity and subvert quality.

We'll Take Care of the Rest

Outsourcing human resources adds a powerful business ally to your team and instantly reduces this burden of employment. As a trusted resource, HiHR eliminates distractions by taking responsibility for human resource administration, including:

- *Human Resource Outsourcing*
- *Health Benefits Management*
- *Payroll Administration*
- *Workers' Compensation, Safety and Risk Management*
- *Supplemental Employee Benefits*
- *Regulatory Compliance*
- *Business Insurance*

With specialized HR programs unique to each client, HiHR can energize your business and allow that passion and expertise as vibrant and diverse as the islands we call home to flourish.

Don't Make the Simple Choice, Make the Smart One

Across the board, our competitors promote **Simplicity** above all else. While we agree that simplifying operations is a top priority, HiHR never “bundles” our services or otherwise tacks-on under the guise of “simplification.” We believe the simplest solution is the smartest one—the one where you pay for exactly the mix of services appropriate for you, nothing more.
