**VALENTINA HABERMAN PROMOTED TO OFFICE MANAGER AT HAWAII
HUMAN RESOURCES, INC.**

Valentina Haberman has been promoted to Office Manager/Operations Support at Hawaii Human Resources, Inc. (HiHR), where she will coordinate all office operations, ensure that new employees experience a flawless transition into the company, and manage administrative details for new clients.

A graduate of the MBA program at Chaminade University, Haberman has served as Executive Assistant to HiHR CEO and President Matthew Delaney for the past six months. During this time, she presided over his schedule as well as the administrative demands of the company's expanding office. However, HiHR's rapid growth — from its inception a little over a year ago to securing its 100th client this month — requires full-time attention at every level. Hiring another new employee to fulfill her previous Executive Assistant duties will allow Haberman to focus entirely on managing an efficient and service-oriented office.

Hawaii Human Resources, Inc. (HiHR) is one of Hawaii's fastest growing companies. Formed in 2009, it provides customized human resources solutions for over 100 businesses and 1,000 local employees across Oahu, the Big Island, Kauai, and Molokai. HiHR offers comprehensive outsourcing support, including human resources and health benefits administration, payroll, accounting, workers' compensation and risk management, as well as business insurance. Trusting HiHR with these services allows companies to focus on core business issues and, ultimately, increase productivity and profitability while lowering risk.

HiHR is part of The Hawaii Group (The HiGroup), which provides marketing (HiMRK), accounting (HiAccounting), and employment and staffing solutions (HiEmployment). Learn more at www.hihrhawaii.com.
